The Leadership Journey is a chance of a lifetime – not to be missed! How often do you get to meet 10 other inspiring women leaders and get to know them really well, sharing challenge and fun? How often do we truly get to reflect on ourselves, our lives and our purpose? Over the months, I rediscovered many talents I had forgotten, and that I do need focus and a specific purpose to put them into action. This program helped me define those two things. What a gift!
